

## Application for Special Exception

Problems as I see it

Asked what special exception your applying for:

Answered 6.6.1 5.3.1 this is redundant.

6.6.1 say in just that 4.10 and 5.3.1 will govern home occupation.  
(5.3.1)

Two employees are allowed 5.3.1C

Two parking spaces for employees allowed 5.3.1 F  
(4.12)

4.12 B Will not add anything positive to the neighborhood

4.12 E will only increase the neighborhood traffic

This is the problem: (please read) Special Exception 5.3.6  
School and day care Centers

Special Exception 5.3.5 was never asked for, if you do not ask for  
Special Exception 5.3.1 you can not get the Special Exception  
Application should be Denied
