I spoke, via phone, with the RP regarding her concerns with Thomas standing at the base of her driveway, but not on her property, taking pictures of the children getting picked up by their parents from day care. I spoke to her about her concerns, but that unfortunately he was not committing any crimes. I told her that the next time he does this to call us immediately so that we can address him right then and there about how uncomfortable his behavior is. NF

 Upon arrival, I observed that Thomas was standing on his property with lawn clippers. His phone was located in his shirt pocket. As soon as I tried to engage with Thomas he was immediately argumentative and hostile about me being there. He began to walk towards me and I told him he needed to put the lawn equipment down. He complied and then stated he would not stab me. Then said well your threatening because you have a gun. He said I don't have a gun but maybe I should go buy one because I have one.
 In summary, Thomas stated that he was only recording the vehicles that were leaving the driveway and that he is not "creepy" or a pervert and was not taking pictures of the children. He told me that I should be questioning them about being perverts because that is disgusting. I asked if he would prove that he was not taking pictures of the children and show me his phone. He told me to "fuck off" and he was not showing me anything. Thomas complained about the traffic, the neighbor across the street with their signs being illegal, and Lt. Frechette. He showed me paperwork showing his proof of his beliefs. I told him that we enforce criminal law and that his issues are with the town. I told him that I would look into the property lines to verify what he is reporting to me.

I met with MICHAELANN and updated her on the information I had. She was adamant that her business is legit and everything was done properly. She is concerned about Thomas and his behavior. She could not understand why we could not do anything. I briefly explained that we only enforce criminal law and that the complaints are civil in nature. I told her that as of right now he is with in his constitutional rights to video from his property or from a public place. I offered to be here tomorrow around 1245 just before parent pick up to help dispel any fears. She agreed

to this.

		I spoke with Rebecca who complained about Tom appearing to video record. She kept stating that Tom is "harassing and stalking" her and other children.			
		I explained that there was no prohibition against recording from a public area, and that there was no violation of the harassment or stalking laws. I encouraged her to follow through with attempting to obtain a stalking order from the district court.			
		I also spoke with Tom about concerns he had earlier in the week about Rebecca and her husband coming to Tom's door and in his driveway to confront him.			
		Rebecca and Tom both wished for the event to be documented.

She explained that he continues to stand at the edge of his property by his mailbox and films from across the street. Tom goes out 15 mins before pickup and stays 15 mins after. MICHAELANN said that she reached out to State Police, and they told her that they could not help as they do not have jurisdiction. I recommended that she go to the district court and file for a Stalking petition. We had a long discussion about Harassment and Constitutional Rights. I told her that I believe a judge should provide opinion on this matter. She stated that would go Monday.
